

Accessing challenges and competitions on Sumdog

Log on to Sumdog using your username, password and school code and complete the warm up questions.

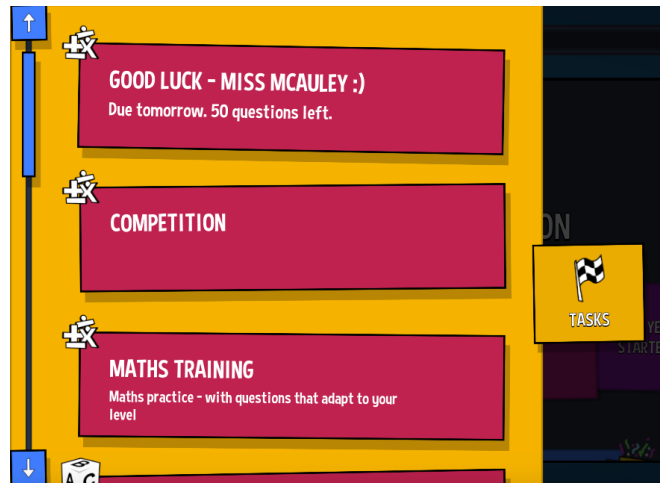

Once on your home page ensure you have selected the competition or challenge you want to work towards.

Follow these steps to do so.

Choose the 'task' button at the left hand side of the page - it looks like this.

Once you have clicked on it, it will open a page where you can choose the task your teacher has set or choose to compete in your year group's competition. Please remember to complete the challenge your teacher sets within the week!

Your page will then look like this, displaying the challenge or competition you have chosen. Click start and get answering those questions!
